Dear Mr. Weatherburn,

This is our letter of intent for our production activities on Friday, October 18th, 2019. The hours of production activity are currently proposed as 9:00am until 1:00pm.

We are interested in filming at the United Terminal (airside) and at the LAX Fuel Receiving Tank Farm at 9900 Lax Fuel Rd, Los Angeles. All CNN personnel and equipment will remain within these locations at all times. Any lighting equipment will be positioned as to not adversely impact aircraft operations. Any direction given by the on-side Airport Operations representative to shut-off, lower or otherwise reposition the lights will be complied with immediately.

Requested Filming Activities/Scenes
United Terminal (Airside)
Filming the fuel being taken from the centralized underground tank system by a United Aircraft, accompanied by United personnel.
Filming an interview with United's Director of Environmental Sustainability, Lauren Riley, on the ramp in front of the plane about their use of biofuel.

LAX Fuel Farm, 9900 LAX Fuel Rd
Filming the process of the Wholesale/Western truck, hooking up and dispensing fuel into an underground centralized tank system, which provides fuel to the airplanes at LAX.

Crew (3)
The CNN International crew attending will be Mr. John Defterios (Correspondent), Mr Beau Molloy (Camera Operator), and Ms Brooke Bowman (Producer).

NOT A PERMIT

Equipment
The camera operator will have a camera, tripod, a 'run bag' (backpack) containing lenses/sound, and one small battery-powered light stand if needed for the interview.

Permit #F00156675

Program
This is for a business news program called 'The Global Energy Challenge', exploring the future of the global energy sector, focused on the challenges of addressing growing demand for energy while also reducing emissions. The program will air on CNN International on Connect the World and Quest Means Business, and on CNN (US) weekend programs. It is slated to run in November, 2019. There is also information about the series at this address: https://www.cnn.com/specials/business/global-energy-challenge
